

STUDENT ATTENDANCE AT APISD ATHLETIC EVENTS

One goal of APISD is to communicate with all constituents of the district.

In order to continuously maintain a safe environment for our students and comply with state guidelines, APISD staff will be implementing the following guidelines at **all athletic events**. If anyone has suggestions, comments, or questions, please contact APISD at 361-758-4200.

During all APISD athletic events, students *5th grade and below* should be accompanied by a parent/guardian or designated responsible adult **at all times**. Students and children that fall into this age group must be seated in the stands *with their parent/guardian or responsible adult* during the event. Grades 6-12 students may sit with parents/guardian or in the dedicated student section located next to the APHS Band. All students are required to be in their seat unless they are leaving the game, making a purchase or going to the restroom. Groups congregating between the stand and the concessions will be asked to please return to their seats.

Fans are asked to stay off the track and field at the conclusion of the game until after the school song has played.

Notification will be on the APISD web-page, Facebook, and clearly posted at the entrance of all athletic events.
