

# It Pays

To Graduate from  
Aransas Pass High  
School  
Thanks to the  
Coastal Bend

## Foundation of Aransas Pass

Students who graduate from Aransas Pass High School can access scholarship money for college or post graduate vocational training, just for graduating.

Too good to be true? Well, maybe, but in this case it is true and it's been happening in Aransas Pass since the Class of 2000 first accessed nearly \$1,000 each just for graduating.

The Coastal Bend Foundation (CBF) began this program to help make Aransas Pass the city of choice for those newcomers to the Coastal Bend Region and to enhance the education process for APISD students.

The scholarship was established in 1988 for that year's First grade class. A substantial sum of money was put into trust and each year since then sums of money have been put in trust by the CBF for each first grade class.

Graduates must make application for the funds, but there are no certain GPA requirements, no interviews; just make the grades necessary to graduate and graduates may apply. Graduates receive one unit for each year they attended APISD. Applicants from the Class of 2006 received slightly over \$1,000.

Call Laura Simank at the APISD Adm. Bldg. (361) 758-3466 or contact via e-mail, [lsimank@apisd.org](mailto:lsimank@apisd.org) for all the details.
